A H Pollard Scholarship 2005

The Council of the Institute of Actuaries of Australia founded the scholarship in 2002 in honour of the late Professor Alfred Hurlstone Pollard, who is widely acknowledged as one of Australia's most outstanding actuaries, having made particularly important contributions in the field of actuarial education. Recognising the financial hardship that Professor Pollard had to endure in order to gain his own PhD, the scholarship is intended to provide assistance to a member of the Institute who is studying for a PhD degree at a recognised university, in an actuarial or related field. The monetary value of the scholarship is \$8,000.

The 2005 A H Pollard Scholarship has been awarded to **Jackie Li** for his PhD project *Uncertainty of Outstanding Claims Liabilities* through the Centre for Actuarial Studies at Melbourne University.
